Kit contents

Once you've verified that your kit contains the following components, get started by learning about the XBee modules:

Qty.	Part	Picture of part
1	Arduino Leonardo compatible	1	XBee Shield	3	Series 1 802.15.4 XBee Modules	
2	XBee breadboard adapters	1	XBee USB adapter	1	2-axis joystick	
6	Push-buttons	 Represented by this symbol in the diagrams.
3	Solderless breadboards	2	Breadboard power supplies	
Bundle	Jumper wires	
18	LEDs	
2	10kΩ potentiometers	1	Package of 330Ω resistors	2	9V Battery clips	
1	Micro USB cable (for Arduino board)	
3	Mini USB cable (for XBee USB adapter and the breadboard power supplies)	
2	9V Batteries
