

ESD Bags

SHIELDO SM

SHIELDO SM static shielding bags are designed to provide an effective shield against electrostatic discharges on sensitive components and assemblies. The metal-in structure provides a durable protection of the metal layer, and an effective Faraday Cage protection on the content. Shielding bags are indicated for ESD protection both inside and outside the E.P.A..

Item	Description	Part Number
SM 0712	Static shielding bag 75 micron, dim.: 75x120mm	ISM0712010
SM 1015	Static shielding bag 75 micron, dim.: 100x150mm	ISM1015010
SM 1520	Static shielding bag 75 micron, dim.: 150x200mm	ISM1520010
SM 1525	Static shielding bag 75 micron, dim.: 150x250mm	ISM1525010
SM 2030	Static shielding bag 75 micron, dim.: 200x300mm	ISM2030010
SM 2530	Static shielding bag 75 micron, dim.: 250x300mm	ISM2530010
SM 2535	Static shielding bag 75 micron, dim.: 250x350mm	ISM2535010
SM 2560	Static shielding bag 75 micron, dim.: 250x350mm	ISM2560010
SM 3040	Static shielding bag 75 micron, dim.: 300x400mm	ISM3040010
SM 3545	Static shielding bag 75 micron, dim.: 350x450mm	ISM3545010
SM 4560	Static shielding bag 75 micron, dim.: 450x600mm	ISM4560010
