

Hand-Operated Syringes

Hand-operated syringes offer a low cost and easy to use option. Ideal for small repair jobs or one-time batch production.

Hand Operated Syringe Combinations

Ordering your components in equal quantities will save money. Choose from one of the following options. Each part number specifies the same amount of barrels, hand plungers and tip caps.

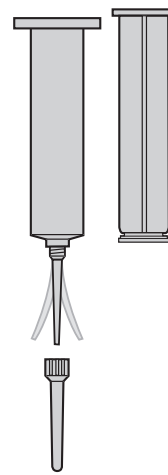

Luer Lock Hand Syringe

Allows the user to select from a wide range of dispensing tips. Each tip varies in length and inner diameter.

Available in: Clear for regular fluids; Black for visible light cure fluids; Yellow for UV cure fluids.

Includes: Barrel, plunger & piston assembly and tip cap. Plunger & piston assembly is **not** inserted into the barrel.

Size	Clear	UV Yellow	Opaque Black	Qty per Pack
1cc	A021050	N/A	A021020	Bulk
3cc	A022151	A022111	A022121	Bulk
5cc	A023151	A023111	A023121	Bulk
10cc	A024151	A024111	A024121	Bulk
20cc	A025252	A025212	A025222	Bulk
30cc	A026151	A026111	A026121	Bulk
50cc	A027252	A027212	A027222	Bulk

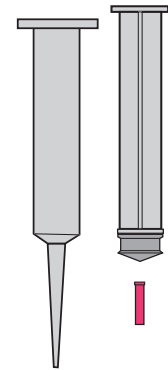

Flexible Tip Hand Syringe

Provides dispensing in difficult to access areas. Prevents scratching.

Available in: Opaque white with 1" flexible tip.

Includes: Barrel, one piece plunger and tip cap. One piece plunger is **not** inserted into the barrel.

Size	Opaque White	Qty per Pack
6cc	A333030	Bulk
12cc	A334030	Bulk
30cc	A336030	Bulk

Taper Tip Hand Syringe

Provides a permanent ridged cone shaped tip that may be manually cut back to increase fluid flow.

Available in: Opaque white in 6cc & 30cc sizes. Clear in 10cc & 50cc sizes. All sizes come with a molded on rigid tapered tip.

Includes: Barrel, plunger & piston assembly and tip cap. Plunger & stopper assembly is **not** inserted into the barrel.

Size	Opaque White	Clear	Qty per Pack
