Universal DIN rail holder TSH 35

Model	Order no.	Colour
TSH 35	22035000	Black

Scope of delivery: 1 DIN rail holder, screws for enclosure mounting

Note: This DIN rail holder consists of a base and a bolt. The bolt can be snapped into the base in different positions. This makes it ideal for use with enclosure heights between 70 mm and 160 mm. It is fitted approximately in the middle of the enclosure, and the bolt projecting from the enclosure base can be disconnected from the rail by means of a screwdriver in the normal way. For assembly, insert the screws (enclosed) from the inside of the enclosure. This guarantees full insulation protection. On small enclosures, the part of the bolt which projects upwards can be pinched off. In the case of very wide enclosures, it may be necessary to fit two DIN rail holders.

DIN rail holder TSH 35-2

Model	Order no.	Colour
TSH 35-2	20035000	Black

Scope of delivery: 2 DIN rail holders, 4 screws for enclosure mounting

Note: You can use this universal DIN rail holder to clip or unclip enclosures with an extremely wide range of dimensions onto or from the DIN rail. This DIN rail holder can be screwed universally to every enclosure. It is necessary to process the enclosure.

Universal wall fitting UWB

Model	Order no.	Colour
UWB 7024	94800024	Graphite grey
UWB 7035	94800035	Light grey
UWB 7038	94800038	Agate grey
UWB 9005	94800005	Black
UWB-Profil	94801000	Natural-coloured anodised aluminium

Scope of delivery: 2 side parts, mounting material (UWB), 1 m profile (UWB profile)

Note: Because of the various settings (fixed detent position every 10°), can be used as a wall fitting and also as a foot. Side elements and profiles can be ordered separately to ensure a customer-specific application. This allows the length of the profiles to be adapted to every enclosure. On request we can supply the required profile length and carry out the necessary processing of the enclosure.

Protection class up to IP 65 / DIN EN 60529
