

INTERFLUX[®] TABLE CLEAN WIPES

Description:

Interflux[®] TABLE CLEAN wipes are pre-saturated with a VOC-free, water-based cleaning agent to clean ESD-safe tables, mats, racks, equipment, etc. within the electronics' industry.

Interflux[®] pre-saturated TABLE CLEAN wipes leave the cleaned surface antistatic ESD-safe and it's cleaning media dries extremely quickly.

Characteristics and advantages:

- VOC-free cleaning agent, ready to use, no fire hazards.
- Extremely good cleaning effect, even on desiccated and old impurities.
- Dries extremely quickly, but does not dehydrate the skin of the operator nor will plastics lose their flexibility.
- Leaves the cleaned surface antistatic and ESD-safe.
- Wide field of application, can be used on all types of surfaces.

Physical and chemical properties of cleaning media:

| | | |
|------------------|---|----------------------------|
| Colour | : | colourless liquid |
| Odour | : | weak, characteristic smell |
| Density (20 °C) | : | 1.005 g/ml |
| pH value (conc.) | : | ca. 8 |

Application note:

With heavy dirt: wet first the surface. Wipe it off after 30 seconds. If still wet, then use a dry wipe as final wipe operation.

Health & safety:

Material Safety Data Sheets are available upon request.

Packaging:

Interflux[®] pre-saturated TABLE CLEAN wipes are available in 100 pieces canisters.

Storage:

Interflux[®] pre-saturated TABLE CLEAN wipes have a shelf life of minimum 2 years when stored in original containers at ambient temperatures (avoid freezing).
