DST Desoldering Iron

JBC

FREE
TEST 30
DAYS

for 230V power supply

DST is a Desoldering Iron of JBC Classic Line that provides a greater absorption volume comparing to other such pumps.

The suction power from the squeezing air bulb ensures the optimum quality of work performed.

DST is supplied with 20 DE tip (0320500).

Tip can be easily removed through our tip removal device.

To clean the tips, use the damp sponge of JBC stand.

There are Tips with different sizes available.

If you require any further information, feel free to contact us
