

Alurail

Side panels for basic profile, natural-coloured anodised aluminium

AR 105-KS-AL

Order no.: 87304110

For ARP 105/31-...

* = Available on request.

Characteristics

Colour of enclosure group

aluminium anodised

Enclosure Material

Extruded profiles: Al Mg Si 0.5, anodised; profile caps: polyamide 6.6 FR; for details see Technical Information

Scope of delivery

2 side panels, 4 fixing screws, 1 snap-on element, 1 positioning screw for snap-on element

Note

Can be used as an alternative to the profile/module caps. This permits an especially narrow construction for the units. In place of basic profile front panel AR 75-...FP, it is necessary to use module profile front panel ARM 75-...FP or module profile front panel ARM 105-...FP. These profile front panels, or special designs for off-centre positioning of the module profiles, are available on request.

Important!

To compensate for pressure when temperatures change and cause moisture in the enclosure, we we recommend that you use a pressure compensation element.
