#### Scope of delivery

Lid and base, lid screws made of V2A, 2 moulded-on cable glands, Pg 11 including clamping cage, pressure screw and continuous cooling ring

14.11.2024

### Product drawing

### Enclosure concept

---

## Note

G = Crystal-clear lid.

Note arrangement of cable glands (see photos at start of chapter).

The dimensions are approximate values. The exact values can be found in the respective product drawing.

---

## Important!

---

To compensate for pressure when temperatures change and cause moisture in the enclosure, we recommend that you use a

[pressure compensation](#)

element.

In order to ensure that you can determine **the correct quantity of elements for your application**, we are providing you here with a DAE calculator.
