

Tip Refresher

AT-F10

- Remove oxidizing material from soldering tip and tin the tip again.
- Do not contain diammonium phosphate, no damage to circuit board.
- Environmental protection, no hazardous substance.
- It's reusable.

Rosin Flux

TR-045

- Remove oxidation film.
- Prevent oxidation.
- Reduce surface tension.

Weight: 45g

Solder paste flux

AT-H20

Model AT-H20

Dimensions $\varnothing 29 \times 34 \times 101 \text{ mm}$

G.W 20g

N.W 10g

Color Light yellow solid

Certification ROHS

AT-H40

Model AT-H40

Dimensions $\varnothing 59 \times 27 \text{ mm}$

G.W 40g

N.W 36g

Color Light yellow solid

Certification ROHS

AT-H60

Model AT-H60

Dimensions $\varnothing 72 \times 28 \text{ mm}$

G.W 60g

N.W 56g

Color Light yellow solid

Certification ROHS
