USB 3.0 ports on the front panel	2 pcs
Supply voltage	12 V
Mechanical switch	None
Power supply connector	Molex
Fan adjustments	Manual
Cable length	30 cm
The cable plug #1	2 x 4-pin (3-pin)
Material	ABS + metal
Product color	Black
Color insets	Silver
Backlight color	Blue
Display	Yes
Temperature	5 - 50 °C
Package	EcoBox
Product size (L x W x H)	150 x 85 x 35 mm
Package size (L x W x H)	215 x 140 x 138 mm
Net weight	215 g
Gross weight	274.4 g
CE compatibility	Yes
FCC compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720131621
Warranty	24 months

Description

Akyga® AK-CA-24 LCD Panel is multifunctional device designed for installation **in 5.25" bays**. We equipped it with **the LCD screen, speed controllers** for two fans, **two USB 3.0 ports** and **the fan failure alarm**. This is an excellent equipment for any PC case.

The panel has two separate channels. They allow to adjust the rotation speed of fans automatically. You can change the speed in just one of fans or both at the same time. The adjustment is smooth and ranges from 5 to 100%. What is more important, **the manual adjustment mode** enables advanced users to control overall of the cooling intensity and to suit the current requirements. In addition, the integrated display LCD shows **current speed and temperature** for every fan separately, while the two built-in USB 3.0 ports can be used for high-speed data transfer, charging devices, and connecting peripheral equipment as well. Additionally, the product has **30 cm long cord** to freely arrange wires inside the cover.
