BOPLA
A Phoenix Mecano Company

BoPad | Screw covers for enclosure screws

BOP-SA-9005

Order no.:35007405

* = Available on request.

Important: Suitable pressure compensation element

To compensate for pressure when temperatures change and cause moisture in the enclosure, we we recommend that you use a pressure compensation element.

In order to ensure that you can determine the correct quantity of elements for your application, we are providing you here with a DAE calculator.

» Calculate now

Characteristics

Colour of enclosure group	Black, similar to RAL 9005
Operating temperature	-25 until +70° C

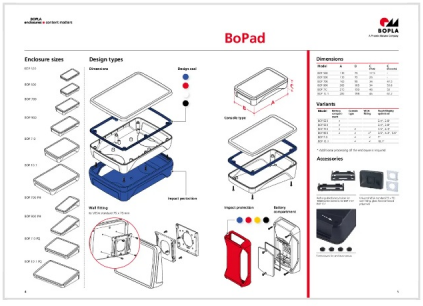

Do your requirements go beyond the listed specifications? We'd be happy to develop a suitable solution together. Simply request your desired articles via the shopping cart and share your requirements with us in the "Your message" field.
