MICROCHIP AC164110

RJ-11 to Microchip ICSP Adapter, for PICKit 2 and PICKit 3 Programmer.

Description:

The RJ-11 to ICSP Adapter (Microchip Part Number AC164110) is a RJ-11 to ICSP adapter required to connect the PICkit 2 or PICkit 3 to a Microchip ICD header (RJ11). This adapter is required to program Microchip boards that have a RJ-11 programming/debug connector.
