14ST Soldering Iron

JBC

[Product Application Map](#)

[News](#)

for 230V power supply

The 14ST is the smallest Soldering Iron of the pencil serie.

It is perfect to work in printed circuit boards, laboratory jobs and reworking tasks.

This Soldering Iron is supplied with the B-05 D tip (0150805) and is suitable for soldering small-size components.

It features five different tips with different sizes and shapes to satisfy your needs.
